

Family Fun Nights

In response to requests for not just mothers, but FAMILIES to gather for fun and fellowship, Spirit of Motherhood members instituted "Family Fun Nights." Family Fun Nights allow families of all ages and stages to come together to share a meal and a family friendly activity. We truly believe that families that pray and play together stay together.

Family Network

In collaboration with other groups and ministries in the parish, we are hoping to keep our parish families informed of all the great things happening at Santa Catalina. Please sign up to receive regular communication about the special programs, meetings, events or opportunities for parents and children. This includes getting a text, an email or message via a social media outlet. Pick up a Family Network sign up card in the Narthex or Pastoral Center (R.E.).

For more information on the Spirit of Motherhood please contact Dacia Daigle at 520.797.7662

Spirit of Motherhood

A Mother's Ministry

Mission Statement

To provide mothers a safe, supportive and relaxing environment within which to examine their personal and spiritual lives, bond with other mothers, and grow together.

*"Before The Spirit of Motherhood, I didn't quite understand how important putting God first was. I thought that putting my family first and fitting Him somewhere in the middle was enough. I now realize that I need to put God first, and by always putting Him first, I also put my family first by being a better wife, mom, and just a better person."
- Tracy McAdams*

A Little About Spirit of Motherhood

Small groups of mothers (of all ages) participate in a seven week course facilitated by other mothers. Each week, participants read and journal through one chapter of the Spirit of Motherhood text, then meet as a group and are led in facilitated discussions.

Chapter topics include:

How Did I Get Here?

Who Am I Now?

The Pressure Cooker: STRESS
From I Do To I Will

The Ministry of Motherhood

Where Do I Go From Here?

What Do Other Moms Say About Spirit of Motherhood?

*"The Spirit of Motherhood should be read by every new mommy right out of the hospital as an encouraging resource for a lifetime career...Motherhood! This ministry helped me to be a more loving wife to my husband, an uplifting example for my children and a wiser woman for myself."
- Katie Bowden*

*"Amid my busy life, The Spirit of Motherhood provided the opportunity to STOP and reflect about who I am as a woman of God, a wife and a mother. As I went through the course, I either felt affirmation in my life or a need for growth. It helped me to celebrate who I am as a Catholic Christian woman and the role I play in my family's life."
- Cathy DeJonghe*

*"I really enjoyed the Spirit of Motherhood classes and the book we used really helped to guide the classes. The questions in the book were thought provoking and lead to some very good discussions."
- Adrienne Garcia*
